RE: Notice of Violation 14666S W

Dear Ms. Cynthia Davies,

With reference to the above captioned notice of violation for the reporting month of January, 2013, I have spoken to Thomas at the W.W.T.P. about the violation at that time he informed me that due to the construction and mechanical issues during that time frame was the reason for exceeding permit limits in January, 2013.

Mr. Felton has assured me that every step is being taken to correct this issue and that we will be done with the upgrades by June 1, 2013. At that time, we will be in total compliance with all permit limits.

Sincerely,

Mike McCabe - Mayor
